

Macro2fun - Programme

Thursday, June 15th 2017

- 09:00 - 09:15 Welcome: Sebastian Seiffert and Matthias Barz
- 09:15 - 10:30 **Axel Müller** (Uni Mainz)
Nanostructures by Self-Assembly of Block Copolymers
- 10:30 - 10:45 Coffee
- 10:45 - 12:15 **Twan Lammers/Rachel Hu** (RWTH Aachen/Cristal Therapeutics)
Drug targeting to tumors: principles and practice
- 12:30 - 14:00 Lunch
- 14:00 - 15:30 **Paul Blom** (MPI-P Mainz)
Polymer based electronic devices
- 15:30 - 15:45 Coffee
- 19:30 Speakers Dinner at Mainz Altstadt

Friday, June 16th 2017

- 09:00 - 10:30 **Rainer Haag** (FU Berlin)
Multivalent Nanosystems with Different Dimensions
- 10:30 - 10:45 Coffee
- 10:45 - 12:15 **Andreas Fery** (IPF Dresden)
Microcapsule mechanics: From Stability to Function
- 12:30 - 14:00 Lunch
- 14:00 - 15:30 **Patrick Theato** (Uni Hamburg)
Gas responsive polymers
- 15:30 - 15:45 Coffee

Saturday, June 17th 2017

- 09:00 - 10:30 **Robert Luxenhofer** (Uni Würzburg)
Polymers and Reproducibility. Fundamental considerations and practical implications thereof
- 10:30 - 10:45 Coffee
- 10:45 - 12:15 **Katharina Landfester** (MPI-P Mainz)
Nanocapsules in Drug Delivery, Cell Modular, and Photocatalytic Functional Systems
- 12:30 - 14:00 Lunch
- 14:00 - 15:30 **Birgit Esser** (Uni Freiburg)
Redox Polymers as Electrode Materials for Organic Batteries: Design and Applications
- 15:30 - 15:45 Coffee
- 15:45 - 17:15 **Matthias Barz** (Uni Mainz)
About polymers taking care of you

Sunday, June 18th 2017

- 09:00 - 10:30 **Sebastian Seiffert** (Uni Mainz)
Small but Smart: Sensitive and Supramolecular Microgels
- 10:30 - 10:45 Coffee
- 10:45 - 12:15 **Rudolf Zentel** (Uni Mainz)
Liquid Crystalline Polymers and Microfluidics
- 12:15 - 12:30 Coffee
- 12:30 - 14:00 **Markus Susoff** (BASF)
Structure-property relations of polyurethanes: how polymer physics optimizes the most versatile industrial polymer
- 14:00 Farewell with snacks
